

Front North Exterior Elevation

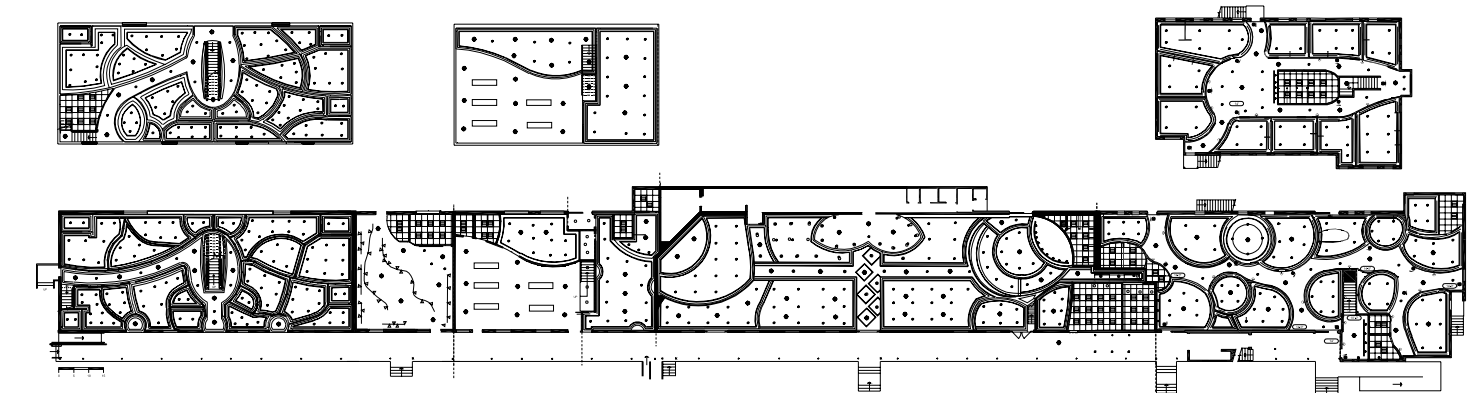

Programming

“The Evolving Butterfly” concept is revealed in each space and main purpose of Human Options:

- **The Office (Caterpillar Design):** progressively nourishes the families from counseling, day care, job training, and employment interviews to obtain their new future.
- **The Shelter (Cocoon Design):** securely located on-site, provides the comforts of home while the families prepare for their new beginnings with shelter for 10.
- **Affordable Housing Apartments (Butterfly Design):** provides housing on site for the ten families who have graduated from the program, pays rent back to fund the program, as they start in their new careers while living on-site.
- **The Retail Art Gallery (Caterpillar Design):** is one of many on-site tenant rentals; provides employment and rental income back to the program, a full circle of sustainability.

Building Floor Plan - 28,000 sq ft.

Building RCP

Client Brief

“Human Options”; a non-profit organization that provides a “second chance to life” program for women & children from domestic violence situations, while providing tight security levels.

Program’s purpose is to assist in rebuilding families; careers, and education, teaching them to live again with a fresh start as part of their healing process.
