

Dance with Sharapova

Rationale

This application allows fans all over the world to live out a dream, to dance with the beautiful Maria Sharapova.

Unfortunately Miss Sharapova doesn't have romance in mind; instead the user will have to dance and avoid the tennis balls she fires towards their feet.

The user can select from a list of songs to dance to, upload their photo and challenge a friend to beat their score.

This application can be seeded on tennis sites and Facebook in addition to being used on mobile phones to draw people into the WTA site from other digital locations.
