

# Flora

## Materials

Cradle to Cradle: Waste equals food.

### + MOLDED RECYCLED PAPER PULP:

Recycled paper is hand-chosen and turned into a natural pulp by simply using water and a blending device.

### + NON-TOXIC ADHESIVE

### + BULB:

Flora is compatible with same-size compact fluorescent bulbs, and other eco-friendly bulbs.

### + RECYCLED ORIENTED STRAND BOARD:

OSB is two times as efficient as plywood, and up to eighteen times more efficient than solidwood. It can be made from young renewable trees, which take little time and energy to grow.
