

Align Your Spine Chiropractic

Align Your Spine Chiropractic is a Chiropractors Office that deals mainly with car accident victims. The colors I have chosen are a light blue and pastel yellow for the walls, with a gray for the tile flooring, and white for the trim. With the blues and gray being calming colors to help put the patients at ease, while the pastel yellow to give them a sense of a brighter outlook for the future, and white for the cleanliness and professionalism of the office.
