Need an extra spot for a chart or checklist? This clipboard can be mounted in a variety of locations and is ideal for the cockpit.

- Features:**
- Integrated memo pad holder fits standard 3" and 4" notepads
 - Separate clip holds approach plates and check lists
 - Internal magnets hold metallic pen (included)
- Yoke Mounted Clipboard**
2589A \$59.95

Military Spec Kneeboards Available exclusively from Sporty's

These are the kneeboards currently in use by Air Force and Navy pilots. Both are constructed of lightweight, injection-molded nylon with a non-glare finish. The wide elastic strap, contoured bottom with non-slip foam strips, and rounded corners allow for comfortable use. Each features two full-width clips at the top and bottom, two pencil holders, and a built-in pencil sharpener. Overall measurements are 10" x 5"; weighs 10 oz. Deluxe Lighted Kneeboard features a unique lighting system that incorporates a rheostat for adjusting brightness. Operates on three AA batteries (not included). Weighs 16 oz.

Original Military Kneeboard 8601A \$35.95
Deluxe Lighted Kneeboard 6543A \$59.95
AA Battery (uses three) 2066A \$1.25 ea.

"This Kneeboard is every bit as good as the one I started US Air Force flight training with in 1980 at Reese AFB, Lubbock, Texas."

iPad Bifold Kneeboard

Updated design folds more compactly

Finally, an affordable and versatile pilot's kneeboard that is specifically made for your iPad!

- iPad stand with adjustable viewing angle—now with new, lower profile angles
- New—right flap can be folded under for a slim shape in tight cockpits
- Organizer section includes mesh pockets and a zippered compartment
- Exterior storage pocket and ID holder
- Adjustable leg strap and padded back

When closed, the kneeboard offers complete protection for your iPad. Measures 18" w x 11" open, and 9" w x 11" closed. Fits all 10" iPads.

iPad Bifold Kneeboard 7951A \$39.95

iPad Mini Bifold Kneeboard

The iPad Mini is the perfect size for in the cockpit. This kneeboard holds the Mini right where you need it, and is packed with innovative features.

- Four elastic bands lock the iPad mini into place
- Removable boards permits both vertical and horizontal mounting options
- Contoured back and elastic strap securely hold the kneeboard on your leg
- Two internal mesh pockets
- Zippered pocket with protective flap to protect iPad screen
- Dual Velcro brackets provide custom viewing angles

Included notepad is perfect for coping clearances. Measures 9" w x 8" x 2" h closed.

iPad Mini Bifold Kneeboard 9077A \$39.95

iPad Mini Slimline Kneeboard

The smallest, simplest solution for using an iPad Mini in the cockpit. No bells and whistles, just a simple mounting surface with elastic straps on the corners for holding an iPad mini. The knee strap can be oriented for portrait or landscape viewing.

iPad Mini Slimline Kneeboard 2231A \$15.95

Orga-Knee-Zer Kneeboard

Great for IFR or VFR flying, this is one of the finest kneeboards we've seen. Folding design opens to reveal a standard 7-ring binder area—perfect for approach plates, checklists, etc. Separate writing surface lets you copy clearances or weather information without blocking the chart. Includes a pencil holder and built-in pencil sharpener. Durable powder-coated aluminum construction provides a stable writing platform, and the contoured, padded leg strap creates a comfortable fit. Measures 9" x 8" w (16" w when fully opened).

Orga-Knee-Zer Kneeboard 6334A \$79.95

Tri-fold Kneeboard

Our most popular and versatile kneeboard. Spacious interior features numerous pockets, including: two zippered storage compartments, two mesh pockets, elastic straps for EGB storage, clear chart pocket and two pen loops. Also includes an aluminum clipboard to keep track of flight plan forms, weather printouts and more. Clipboard features a VFR or IFR placard with useful information like cruising altitudes, flight plan sequence and more. When folded, a handy exterior pocket has room for sectional or low route charts. Wide elastic strap and padded back make for a comfortable fit, and will not move in flight. Measures 20" x 11.5" open; 7.25" x 11.5" closed.

VFR Tri-fold Kneeboard 2375A \$27.95
IFR Tri-fold Kneeboard 2380A \$27.95

BEST SELLERS

Classic Kneeboard Now stronger than ever!

These durable aluminum knee-boards have become standard issue for most pilots. Simple design will withstand decades of abuse.

- Features:**
- Extra-thick aluminum board with foam backing
 - Elastic strap with Velcro® closure
 - Pen/pencil clip
 - Includes an IFR or VFR placard
 - Measures 6" x 9" and weighs less than 9 oz.

Classic IFR Kneeboard 7052A \$14.95

Bi-fold Kneeboard

This compact kneeboard has room for the essentials, but won't take up much space in the cockpit or flight bag. Interior features a sturdy aluminum clipboard with VFR or IFR placard, pen loops and a single side flap with a zippered pocket and two mesh pockets. Exterior has an ID slot and chart pocket. Measures 15" w x 10" open; 7.5" w x 10" closed.

VFR Bi-fold Kneeboard 9261A \$19.95
IFR Bi-fold Kneeboard 6620A \$19.95

"Works well in a small cockpit"
— customer review

Folding Flight Desks

Offer fold-up convenience and have a permanent placard so you'll have this important data available at a glance. All-anodized aluminum desk comes complete with two heavy-duty clips, non-slip foam strips on the back and a large surface for in-flight use (measures 9" x 16"), yet folds for easy storage.

VFR Folding Flight Desk 5440A \$21.95
IFR Folding Flight Desk 5686A \$21.95

Lap Desks

Not only is it a nice size flight desk, it has a storage compartment for keeping extra charts, pencils, computers, plotters, checklists, etc.—right where you need them. Secure both your flight plan and your chart; flip from one to the other. All-aluminum desk measures 9" x 12.25" x 1" and features a permanently mounted placard loaded with information relevant to VFR or IFR flight.

Lap Desk (specify VFR or IFR) 1375A \$24.95

Clearview Chart Holder

Tired of paper charts flapping around the cockpit? This simple holder is perfect for keeping charts accessible for in-flight reference.
