

# TO THINK OUTSIDE THE BOX YOU NEED TO THINK OUTSIDE THE INDUSTRY. HIRE ME.

I have little agency experience but a passion for creative branding.

I've owned a promotional product agency for 15 years and wish to pursue a more creative path. All I think about is branding, naming, domaining, promos, advertising, products. In the right environment my product concepts will thrive.

If you read this far, than I did my job. I can do the same for you.
