

*Luxurious Wigs
and
Hair Pieces*

Made from
100% Virgin Remy Hair

Thank you for purchasing from Sessi Hair. Now you can crown your head with our luxurious hair extensions and pieces. For highest satisfaction with our hair and overall pleasure, treat hair with care and attention. Please follow our recommended instructions.

PRE-INSTALLATION

We advise you use a professional hair stylist to cut and/or style your wigs initially for desired look.

STYLING

- Always use a wide tooth comb or paddle brush (for curl textures, finger comb to loosen curls)
- Use minimum amounts of styling hair products as excessive amounts can weigh the hair down
- Keep heat to a minimum, use heat protectant prior to using hot tools
- As wigs, frontals, closures and fringes/bangs have a lace or silk base, avoid excessive tugging or pulling on the hair with your fingers or hair tools, as strands of hair may be released from the base.

WASHING

- Shampoo and condition with sulphate-free products
- Allow hair to air dry where possible and use heat protectant if you must use a hair dryer
