## – TREATMENTS –

*Our rich and detoxifying treatments are perfectly designed to relax, purify, stimulate and energize for optimum body excellence.*

### **Scent-Sational Salt Scrub . . . . . \$100+**

Choose one of our deliciously scented salt scrubs to awaken your senses. The body is dry brushed to prepare the skin for the salt scrub, which is then applied and rubbed over the body. Dead Sea salts exfoliate, while essential oils moisturize and nourish. Skin is left glowing and hydrated.

### **Espresso Limón Slimming Body Treatment . . . . . \$100+**

*Treat your body like a temple* with the perfect detoxifying and firming treatment for the sleek smooth skin that you have been looking for. This treatment begins with a citrus herbal body brushing to stimulate lymphatic drainage and start the body's detoxification process. Peptides are applied to specific areas to stimulate collagen production and firm the skin. Your body will then be covered in a European inspired Espresso Limón Slimming Oil. This captivating, rich coffee oil comes from South America, and is infused with hints of Italian Lemon and Madagascan Cinnamon to further purify and tone the body. A refreshing Epicuren® signature enzyme body mist completes the body beautifying experience.
