1. Estimates only. Based upon Sony engineering testing. Actual performance will vary based on configurable options, settings, environmental conditions, and usage. Battery capacity decreases over time and use.

The big picture:

LA to Tokyo. One charge.

- extra long battery life with the optional sheet battery
- full HD screen for maximum multimedia impact
- adjust graphics performance to get an extra boost when you need it, or save energy when you don't
- slim 1" profile made of magnesium alloy and aluminum is tough
- superfast processors and room for plenty of RAM keep you on the cutting edge of performance
- USB 3.0 makes backing up your system ultra fast
- backlit keyboard makes typing in the dark easy

+Add Netgear Push2TV =

- watch internet streaming shows on your TV with no cables
- stream your music, pictures, or videos to your TV too

enjoy it on the big screen —without wires
