## GO ECO IN STYLE

Why wait for plastic bag bans to take effect in your city? With ever more fashion brands going green, it's never been easier—or more chic—to kick the plastic habit. Here are some of our favorite totes.

SCOOP NYC  
GREEN &  
GORGEOUS

(\$28; [scoopnyc.com](http://scoopnyc.com) for stores) When you buy this linen bag, net profits go to the NRDC, and eco-cleaning company Shaklee plants a tree.

STELLA McCARTNEY  
ORGANIC  
COTTON SHOPPER

(\$75; includes perfume and lotion; at Sephora) Carrying this makes a subtle statement: You're helping the planet without advertising it.

TARGET  
I'M PINK BUT I'M  
STILL GREEN!

(\$15; [target.com](http://target.com) for stores) Made of recycled cotton, this sweet tote lets you show off the girly side of being an environmental crusader.
