education

Wentworth Institut of Technology, Boston MA
Bachelor of Science in Industrial Design 2008
GPA: 3.2

profile

Working 2+ years in the exhibit design industry has helped me develop real world problem resolution skills, as well as client communication skills. Time management is one of my greatest attributes which makes me highly dependable. I am able to work under limited supervision and at the same time be a great team player. My 14 years of soccer experience has taught me how to work with others as well as step up into a leadership position and take on more responsibilities.

technical competencies

Software: Solid Works, Solid Edge, Auto-Cad, Unigraphics, Benchman, Graphite, Adobe Suite, Microsoft Office Suite

Design: Dimensioning, exploded view, orthographic drawing, wood & metal working, hand sketching, rendering

Fabrication: Wood & metal lathe, table & band saw, vertical mill, vacuum forming, resin casting, bent ply lamination, acrylic bending, styrene, blue foam, sewing

work experience

Pearl Studio 82, Medway MA
January 2007- Present
Exhibit design. Composed Auto-Cad drawings and Photoshop renderings. Designed and built displays, as well as packed them for shipments. Also designed and created packaging for shipment of products.

studio experience

Melon Glider
Fall 2006
Worked in a team of 6 to design a glider out of cardboard and hot glue, to fly a melon across field. Created a 4ft. disk inspired by a frisbee to fly our melon an average of 55ft.

Sponsored Project
Fall 2006
The project was to design kitchen gadgets for a new Calphalon line. Through submersion research I re-designed the potato ricer process. Many models were made to develop both the functioning and aesthetic qualities of the design. My design was chosen for further development by the Calphalon team.
