English Writing Minor

Experience

Woggon Designs Milwaukee, WI
Design Intern

May-August of 2006

Documented Jay Woggon's original lamps and created layouts for promotional material such as postcards. Did design research and ideation for packaging on a brand of lamps sold at Target. Wood working - including sanding, assembly, and aiding in shelving installation. Gained experience with the MIG welder for assembly of lamps created at Woggon Designs.

CP Lighting + Design Milwaukee, WI
Design Intern

May-August of 2006

Assembled and packaged lamps which involved thermo forming plastic for the shade, painting the shade, wiring the lamp, and putting all the finishing pieces together. Ground and polished intricate steel fixtures for finishing. Designed postcard layouts and tear sheets of lamp designs. Took on the role of office manager which involved putting together excel spread sheets of contacts and mailing lists.

Print Lab Assistant

September 2006 - December 2008

Learned basic knowledge of troubleshooting computers and printers. Installed and uninstalled printer drivers and helped with program issues.

Panera Bread Co. Pewaukee, WI
Associate Trainer

January 2003 - August 2007

Learned various positions such as register, food preparation, sales, closing duties, and customer service. Was certified to train newly hired employees in all of the various positions.
