CALEDONIA - Racine man was found slain to death in his home. Police are still investigating the murder at 1138 Springfield Lane in Caledonia. The man who's name is not being released at this time was found early this morning with multiple wounds all over his body. Authorities are still searching for the murder weapon or weapons. Police Commissioner Gordon said he had never seen

such a brutal scene. Some of the officers were even squirmish. Police are calling this the worst act of violence this city has ever seen. They say this is Racine's very own HALLOWEEN. This is Racine's quiet suburb last night. Wulf neighbors are having trouble digesting what happened in this quiet suburb. There is broken glass or sign of a break in. This was a cold-blooded calculated murder according to police. The commissioner is even considering bringing in the FBI and other special tasks force.

Families of the victim have yet to file. Nobody knows if this is because they are suspects or are just too shocked at the events that took place. This family who owns the property is actually on HALLOWEEN really are living a nightmare. The family was planning on having their annual HALLOWEEN party tonight. Instead will be mourning the loss of a family member.
