

Painting always has been
a part of me.
I see my painting as a way to
testify, showing different cultures
and people... The Native American
Indian world is a bit of mine.
I spend a lot of time with different
Tribes of the South West of the
United States and I learned a lot
about their culture.
In a matter of fact, some of my best
friends are Native American
Indians.
It's a wonderful world of colors
and traditions that I like to depict
and share.
