

TRAVELING GALAXY SHOW

Learning Has Never Been Easier...
Or More Fun!

The Traveling Galaxy Show is a portable planetarium to instruct, motivate, and fuel your students' curiosity about the universe.

Children are naturally curious about the stars, the planets, and the possibilities of space travel. Now, The traveling Galaxy Show can turn that curiosity into a hunger to learn more. We'll bring our 14-foot inflatable dome planetarium to your school and give your classes a day or a week of exciting space science instruction.

EDUCATION.
INNOVATION.
INSPIRATION.

A PORTABLE PLANETARIUM AND
IMMERSIVE DIGITAL THEATER EXPERIENCE.

**Exciting Curriculum
To Skyrocket Thinking**

Our programs are customized to grade levels presenting the most interesting material for each age group. The content flows through your curriculum and supports learning in math, science, and English. Help them **Discover a new world of learning.**

The dome can hold only 40 students at a time, providing the perfect atmosphere for individualized teaching and lively discussions. We'll provide an outstanding instructor, lesson plans, and valuable classroom activities.

The Traveling Galaxy Show entertains as well as educates with both visual and auditory learning. The sky is not the limit!
