

GEAR OF THE YEAR

DOUBLE-TRACK

Want a cushioned trail running shoe that doesn't feel like a brick? Designed to deliver a nimble ride on all but the most extreme trail conditions, the award-winning Double-Track is built for runners seeking a stable and reliable on- or off-road training shoe. The medially posted Double-Track with innovative X-Dome™ Cradle Support corrects your overpronation without you ever realizing it, freeing up your attention to focus on simply enjoying your run. The Double-Track provides overpronators the ideal amount of cushioning and support to inspire confidence on any terrain.
