## Spatula

**Client:** Olive Garden Catering

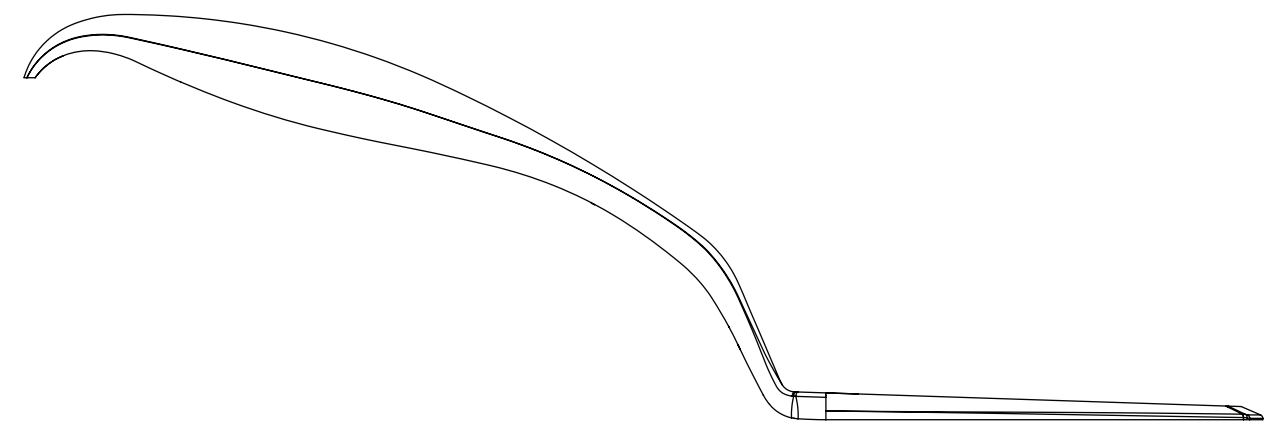

**Project:** Olive Garden requested a serving spatula to replace the one currently being used in their catering line of business. The spatula incorporates design elements from Sabert's existing line of serving utensils as to allow for applications not only in Olive Garden but also Sabert's consumer and catering businesses. The spatula is injection molded and will be produced in black, white, clear and metal plated.

**Dates:** Apr 2008-May 2008

**Status:** in production
