

STAT

Capture Charges on your PDAs

Prior to the advent of the touch screen phones, entering charges on your mobile device was just too cumbersome to be of use. Now, with the new STAT Web Charge capture module for the PDAs you can easily capture charges at the point of service, with just a few simple touches. After entering your charges for the day, you or your office staff can review them on the Web and send them to be entered directly into your billing system

You have to see it to believe it.

Call (732) 264 3624 for a demo.

What the physicians are saying?

"I was amazed at how easy this was to use. Great job!"

"I had seen other web charge capture products for mobile devices, but found them to be too cumbersome to use. I was surprised at how simple it was to enter charges."

"I can enter charges faster then writing them on paper. This is a revolutionary product!"
