

SPRING EXCLUSIVE COLOUR COLLECTION 2007

EXCLUSIVE CREATION: LUMIÈRE D'ARTIFICES Limited Edition
Inspired by the shimmering effects and luxury of CHANEL Haute
Couture, LUMIÈRE D'ARTIFICES is a trio of iridescent pearl,
sparkling anthracite and shimmering gold powder shadows,
molded by a goldsmith to resemble a sequined gown – even the
basting threads are visible. The three shades can be swept on
one by one, building in intensity with each added layer. Blend
them together to create an elegant, neutral shimmer, or dust on
lightly for an alluring glow.

SPRING COLOUR COLLECTION CHANEL offers a wide
assortment of modern neutrals in the season's most-wanted
shades and textures. Inspired by fresh-faced innocence, the
softness of a rose and the warmth of rare coral, colours are
clean and gamine – gentle but never naïve.
