Super Magnetic Massage Therapy

Magnetic Massager is completely portable.

Great traveling companion. Handy to use. Treat your aches and pains with the benefits derived from this new XdresSpa magnetic massager. See how this second, non-invasive treatment relieves pain and helps promote the body's natural healing process. XdresSpa's magnetic massager improves blood flow and, at the same time, encourages a better exchange of positive oxygen to the injured, tired or sore areas of the body, head, arms or legs. A stronger, healthier you is achievable.

Pain causes stress. Stress is the primary cause of tension and related disorders. The massager directs magnetic permeation and vibrates downwards creating a function, rejuvenating deep tissue massage. This type of simple treatment is a complementary way to enhance relief of headaches and stiffness.

The magnets create an environment within the body that promotes the natural healing process. It is believed that when blood passes through a magnetic field, it supports healthier cell function.

Another natural massage therapy has been known to create a peaceful balance and a pain-free body. It recognizes from head to toe.

IMPORTANT

1. Avoid extreme pressure on massage heads. Do not drop or utilize the massager against a hard surface.
2. Do not leave dead batteries in your massager. They may leak and corrode the contacts.
3. Individuals with internal disorders or pregnant women should not use the massager.
4. This unit is intended only for whole and hand-held use. It should not be operated for more than 20 minutes at one time. Short periods of use (5-10 minutes) give best results.
