Deck mounted skylights

The No Leak Skylight

No Leak Promise
No Worries

10-year installation warranty.

VELUX flashing required to qualify.

Bringing light to life™
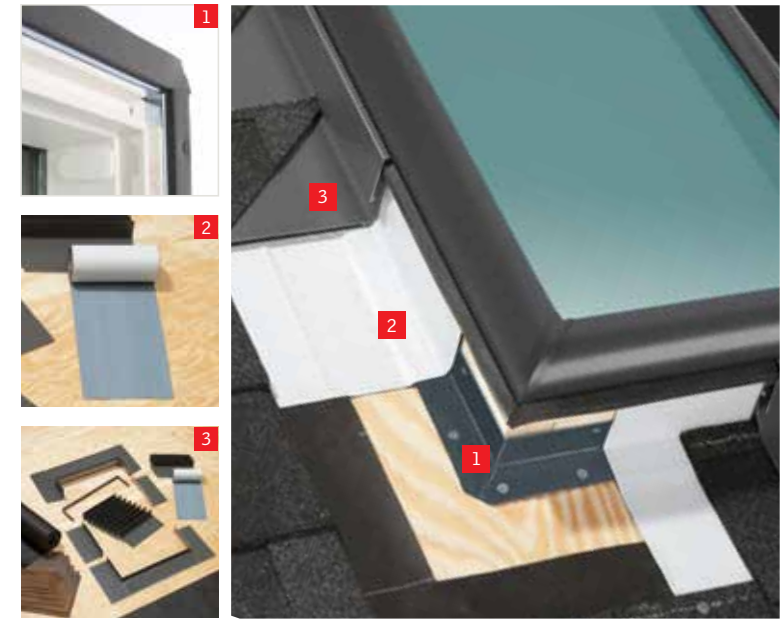

3 layers of water protection for deck mounted skylights

1 The pre-attached deck seal on all deck mounted skylights provides a seal between the frame and roof deck for a leak-proof installation.

2 Adhesive underlayment for secondary water protection against the harshest weather conditions.

3 Engineered flashing for easy installation and primary water protection.

VELUX flashing must be purchased in order to qualify for the 10-year installation warranty.

Solar Powered "Fresh Air" Skylight – Model VSS

- Optional in-stock blinds available factory installed.

- The solar panel will work on cloudy days and with indirect light. It does not have to be exposed to direct sunlight to function.

- Comes complete with cut to size filler pieces for the drywall return groove. When replacing an existing skylight.

- With an integrated rain sensor the solar powered skylight will close automatically, in case of inclement weather.

- Included with your skylight is the intelligent touch remote control powered by VELUX INTEGRA®. Comes with pre-programmed settings for ease of use.

Electric "Fresh Air" skylight – Model VSE

- Optional in-stock blinds available factory installed.

- Included with your skylight is the intelligent touch remote control powered by VELUX INTEGRA®. Comes with pre-programmed settings for ease of use.

- Single hard wire connects into a standard junction box.

- Wall mounted keypad and interface to home automation systems are available.

Manual "Fresh Air" skylight – Model VS

- Optional in-stock blinds available factory installed.

- Features pre-finished white wood frame and protective aluminum or copper cladding.

- Smooth-turning handle available for when the skylight is installed within reach.

Fixed skylight – Model FS

- Optional in-stock blinds available factory installed.

- Features pre-finished white wood frame and protective aluminum or copper cladding.

- Streamlined exterior profile does not obstruct your roofline.

Fixed replacement skylight – Model FSR

- Optional in-stock blinds available factory installed

- 2.75-in. larger deck seal to span wider for less accurate openings.

- No drywall groove to match existing construction - simply trim the drywall to the opening.

FSR sizes (Rough openings)

14° - 85°

Size code		D26	D06	M02	S06
Outside frame	in.	23 1/4 x 23 7/16	23 1/4 x 46 1/4	30 9/16 x 30 1/2	44 3/4 x 46 1/4
Rough opening	in.	22 1/2 x 22 15/16	22 1/2 x 45 3/4	30 1/16 x 30	44 1/4 x 45 3/4
Ideal fit Width	in.	21 1/8 - 22 3/8	21 1/8 - 22 3/8	28 1/2 - 29 3/4	42 3/4 - 44
Ideal fit Height	in.	21 1/2 - 22 3/4	44 1/4 - 45 1/2	28 1/2 - 29 3/4	44 1/4 - 45 1/2

Note: In general, the FSR allows a finished opening variance of 2" on the width and height for an ideal fit where the front of the drywall will be under the white skylight frame. An additional 2" in width and height variance will allow the skylight to fit the opening, but additional trim will be required.

Choosing the right glass for your skylight

### For out of reach applications

Clean, Quiet & Safe glass (xx04) - *recommended*
