EXCELLENCE IN DESIGN CRUISER & CUDDIES

In this category, it is usually a mid-cabin cruiser with all of its slick amenities that takes the cake. However, that is not the case this year, as a cuddy-cabin model zooms to the top. This brand has been recognized in all four years of the Excellence in Design awards program.

REGAL 2550 FASTRAC CUDDY

There are a lot of very cool features in this cuddy cabin, but to be honest, we have seen many of them in previous Regal models. This includes Regal's trademark FasTrac vented hull design and the stylish fiberglass Sport Tower (with integral ski pylon and overhead cockpit lights) that folds up or down at the touch of a button.

We've also seen the two-person aft sun pad with folding chaise lounge backrest and cockpit refreshment center (with an optional electric grill), as well as the chiseled, European-inspired lines.

Yet, it is the combination of these features in a cuddy-cabin model that really convinced the judges that this 26-footer is an award winner.

Thanks to the slightly domed foredeck, the cabin itself offers a generous amount of room and outstanding creature comforts, including a spacious enclosed head compartment.

The 2550 FasTrac Cuddy is a boat that cries out to have fun with a plush cockpit and inviting swim platform. And unlike its bowrider and deck-boat cousins, this boat has a welcoming cabin that lets you stay on the water overnight and have fun the next day.

Whether you're day cruising or overnighting, the styling of the 2550 will grab lots of second looks.

When you put it all together, this boat is a prime example of Excellence in Design.

Base price (w/Volvo Penta 5.7L GI/DuoProp) \$70,971 | Length 26' 3" | Beam 8' 6" | Weight 5,000 lbs. | Fuel 68 gals. | 800/877-3425; regalboats.com
