## **TESTIMONIAL**

**Name:** Chancey Cooke

**Number of years at WBHS:** 4

**Date of birth:** 6 September 1985

### **To Whom It May Concern**

This is to certify that Chancy Cooke has been a member of Wynberg Boys' High School since 2000.

Chancy showed the ability to produce work of high quality and the dedication to achieve his goals. The commitment and diligence he showed in realizing his aspirations are exemplary.

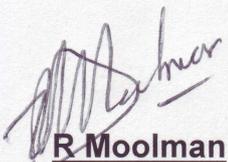

Chancey was an active and involved member of the school and his strong moral outlook on life as well as the ability to voice his opinion in a respectful yet clear and well thought through fashion made him a valuable asset to all the societies, sport teams and school activities he took part in.

Chancey played for the second and third rugby XV where he always gave of his best and played for the good of the team. When on occasion he was unable to play in a match, his presence was sorely missed.

It is therefore not surprising that he was also a well-liked member of the boarding house where his respect for the rules and expectations of such an institution paved the way for him to be regarded as a valuable team player. The support he extended to fellow boarders and to activities that required the combined effort of the whole house made him very popular with his peers and the boarder masters.

It is very easy to understand why Chancy enjoyed so much success at the school and the boarding house. He is a courteous young man with a gentlemanly; yet humorous nature.

We are proud to have had Chancy as a member of our school and equally proud of his achievements. Therefore we have no hesitation in recommending him in his chosen career. We wish him well in the future.
