

OBJECTIVE:

Design high-end lighting piece using post-consumer material (as a member of Black Valley Design Collective).

MATERIAL:

- Steel (plate and rods)
- Polyethylene Knives (from Wings to Go)

INSPIRATION:

- green design
- waves
- post-consumerism
- reusing/repurposing
- "upcycling"

TOOLING:

- Water Boiler (polyethylene knives)
- Metal Roller (steel rods and polyethylene knives)
- Plasma Cutter (steel plate)
