

Re-spray shape at pony tail to secure your design.

Now, taking small sections lightly spray the hair with Thermal Design Spray.

Lifting newly formed shape to allow for height at the crown, lift hair to the side and secure your first "S" bend with mini hair comb. Slide your comb down into the shape to secure (do not place comb upside down as it will not support the weight and will slip from hair. Continue to secure your "S" shapes with combs, adding extra bobbie pins where necessary for support.

Finish look with Senscience Silk Finish Firm Hold Spray and a light spray of Senscience Brilliant Defense for optimum shine and lustre.
