

i.color Formulas used:

Base Color formula: 1/2 6N (6.0) plus 1/2 6B (6.8) with 10 Volume Developer

Highlighting: Formula 1- Active Lift plus 20 Volume Developer

Formula 2: 7B(7.8) plus 10 Volume Developer

Processing time: 35 minutes

Working at an angle across the head, take woven back to back foil sections alternating Active Lift and 20 Volume Developer with 7B and 10 Volume Developer, while leaving every third section natural.

Finish the front section with two foils of your 7B Formula, to create a frame of shadow around the hair line.
