

END OF INFINITY

MOKSA means liberation, salvation or emancipation of the soul. It is a blissful state of existence of a soul, completely free from the karmic bondage, free from samsara, the cycle of birth and death. A liberated soul is said to have attained its true and pristine nature of infinite bliss, infinite knowledge and infinite perception. In this space we attempted to mimic the progression reaching to find ultimate bliss. The very different feeling rooms all share an aggregation of a common material such as plywood, paper, acrylic rods, bungee cord, and even industrial broom heads. The effect, along with the lighting, creates a visually dynamic and transformative space.
