## Cover Letter

With my background in architecture and design, I am confident that I would make a successful and creative team member.

My experience as a junior designer and project captain on numerous projects is a testament of my capabilities. Those opportunities offered the exposure to work with others through the creative process of production, while meeting the challenges presented to me.

Also, my background in interior architecture has allowed me to learn the nuances of design. That education has provided me with the presentation and people skills that will suit your needs. My portfolio is a well-defined example of what I could add to an already stunning exhibit of work.

I would appreciate the opportunity to make a substantial contribution by investing my time and efforts with your company. I welcome the opportunity to meet with you to discuss my candidacy.

Thank you for your time and consideration.  
Best Regards.

Alexander R. Rozko
