

Sense™ Desking System

Design

This unique plug+play build concept, created from thousands of hours of development, allows you to attach and release components instantly. We've put the time in so you don't have to.

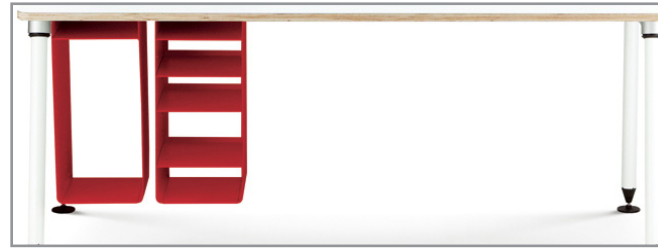

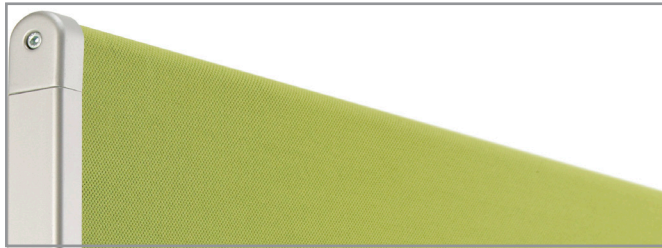

Features

Sense reacts to change

- Suits your needs today and carries you into the future.
- Change layout, add or move desks, take down, rebuild.

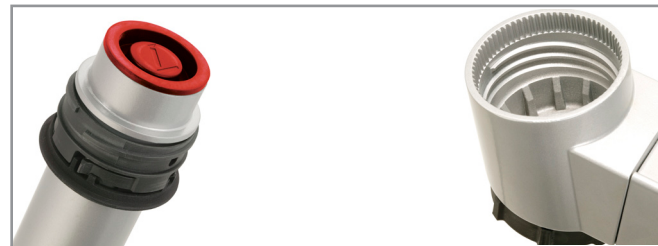

Get flexibility as easy as you get computers and coffee, in an instant.

It's a snap

- Lock, click, or snap Sense desk in seconds - with no tools. Not one.
- Steps are effortless and no workplace disruption.

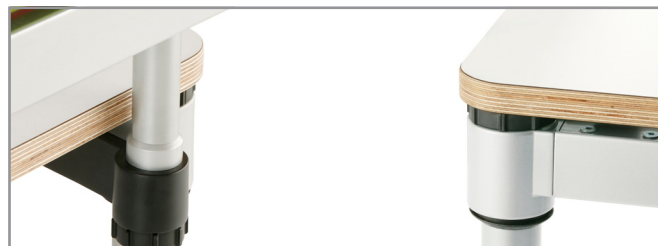

Forget the drills and screwdrivers.

Unlimited possibilities

- Desks, tables, and returns create a complete work space.
- Accessories such as privacy panels, cable baskets, trays and shelves complete the work.
- Adjustable legs adapt the height easily.

As you grow, so does sense.

Fresh Aesthetic

- Extensive array of textile accent colours.
- Veneers, laminates and finish choices.

You get a clean, fresh look that is also, well, very cool.

Makes sense for earth

MBDC Silver Cradle to Cradle certified 
Up to 60 percent recyclable
Comprised of 23 percent recycled materials

Warranty

Herman Miller warrants Sense to be free of defects in material and workmanship for 12 years - regardless of the number of shifts during which the products are used.
