

Oh, hey you guys! Did you know we lived in a robot house? Yeah, we're pretty cool. It's no big deal.

Guys, Ricardio just stole my amulet! We tracked him here.

Oh he stole yours too, Marceline? Also, um, we found your stuff and went through it a lil'?

Wait, he's got **YOUR** amulet too? You left it there when you moved?

Excuse me, you built a **ROBOT** into my **ROOF**?

It was for your own protection, Marceline, and I was only gonna activate it in an emergency! I can't believe **YOU** left that amulet behind. It was **SPECIAL**.

I forgot it, okay? I moved out and I forgot it, **THE END**.

Oh, that makes me feel **A LOT** better!

Hey guys? Ricardio said that with both amulets he could extract paltime juice from it and make you wanna hang out with him all the time, Peebubs.

Well that's clearly bonkers.

Anyway, what are we waiting for? Ricardio's a jerk and he's messing with our stuff.

Come on, guys...

Let's go break some hearts.
