STARTING THIS YEAR, if you don't have health coverage, you'll pay a penalty at tax time. The penalty will start off small in 2014 – \$95 per adult or 1% of your household income, whichever is greater – but increase thereafter – to \$695 or 2.5% of your income in 2016.

Please Note: The SRJC health fee provides credit-enrolled students with access to health services on campus NOT health coverage. For more information, visit our website: www.santarosa.edu/StudentHealthServices.
