Each student is trained in the internationally renowned methods of ARROJO, a hairdressing brand respected around the world for blending precise technique, trend awareness, and creativity. We have a state-of-the-art, private hair salon where our students will enhance your look with fantastic cut, color, and styling services.

A qualified instructor supervises all student guest services; our commitment is to a brilliant new look for you and a great learning experience for our students. As this is a learning environment, please understand that some services may take longer than expected.

Policies

Please Note: A single process service does not include an additional glaze. If you wish to add-on a glaze to your single process, please speak with your colorist and your glaze will be applied for an additional fee of \$25.

**blow dry policies

At Arrojo studio you will receive a complimentary 10-minute finishing blow-out with all color services. If you wish for a full professional blow-dry after your color service you will be booked in accordingly, and will receive your professional blow-dry for just \$25. (If your hair also requires a hot iron service to be straightened out, you'll be charged an additional \$15.)

Please note: Some hair types, such as curly, heavily textured, and relaxed hair cannot be effectively blown-out in 10 minutes. In such cases it is better to leave the hair to dry naturally, and, as such, we cannot offer our complimentary blow-out as this will affect the integrity of your hair. Of course if you wish to book a full professional blow-dry we will make you look stunning.
