

TOUGH. Rough. Built to Last!

Stewart & Stevenson Canada Welcomes New Service Manager

Stewart & Stevenson Canada is pleased to welcome Jason Clark as Service Manager. In his role he will continue to build on our quality service reputation while maximizing our facility advantages with his technical skills and client-centric approach. Jason brings with him over 12 years of solid experience in the oil and gas industry. He is a great asset to the S&S team with his in-depth knowledge of drilling, workover, intervention and stimulation equipment. Jason has a strong leadership background and has honed his skills working as a senior technician in both domestic and international environments. As manager of the service group, he leads our growth and commitment to customer support.

Contact Jason at j.clark@ssss.com or 403.215.5300.
