

Our Experience, Your Solution.

Rocla Concrete Tie, Inc. is a key supplier of concrete ties to America's largest freight railroads, as well as the United States' only High Speed Rail project. Along with many transit projects and industrial applications, our experience in designing concrete ties is the most reliable and cost effective in the world. Any of Rocla's three domestic plants or international partnerships are ready to put our experience to work for you. Contact us today to allow Our Experience to become Your Solution.
