

Everyone wins with AARP® Medicare Supplement Insurance Plans

Dear Mr. Sample,

Are you looking for more flexible options when it comes to administering your retiree health care benefits? AARP Medicare Supplement Insurance Plans insured by UnitedHealthcare Insurance Company¹ give you a range of plans and administrative options to meet the specific needs of your organization, while retirees receive all the benefits and services they expect.

Discover the choices you've been looking for.

With AARP Medicare Supplement Plans, your organization can choose the contribution level that works to fit your financial goals. How much your organization chooses to pay toward the cost of coverage for your retirees is completely up to you. You can even decide whether to subsidize one, a subset of plans or all seven. Even billing arrangements are your choice, from group billing, split-billing or individual billing for those retirees who do not receive a subsidy.

You receive our full support every step of the way.

Your company will have a personal, dedicated representative that provides complete service from transition assistance to on-going support. UnitedHealthcare handles everything from marketing and communications, pre-education for your retirees and more.

Health care plans your retirees deserve.

Your retirees will enjoy choosing a plan that best fits their individual needs with options to choose from different benefit levels and premiums. And since there are no networks, retirees can stay with their existing hospital and doctors. The rate stability will give you and your retirees peace of mind, and plans have increased an average of just 5.4% each year nationally for the past five years.²

You may also want to offer a Medicare Part D plan to provide more complete coverage to your retirees. UnitedHealthcare offers both group and individual plans with:

- Different copays and premiums
- Formularies specially designed to serve the unique needs of Medicare-eligible adults
- More savings and less administrative burden, compared with the 28% Medicare Part D Retiree Drug Subsidy
- Customer Service Hours 8 AM - 8 PM Local Time, 7 days a week
- More than 60,000 convenient network retail pharmacy locations nationwide

Call today and let us do it all for you!
