PSV

THE
Ultimate
IN ENGINEERED
ARMORED *protection*®

Overview

The Tjaarda Personal Security Vehicle (PSV) is a landmark civilian mode of transportation. The PSV is the safest, most secure vehicle designed for inconspicuous travel. The Tjaarda PSV is designed by Tom Tjaarda, one of the world's foremost designers; it offers many features not found in armored vehicles currently on the market. Designed and engineered as an armored vehicle, it incorporates many of the latest technologies available. Mr. Tjaarda has designed more than 90 automobiles, including the FERRARI CALIFORNIA SPYDER, the DE TOMASO PANTERA, and the FIAT 124 SPIDER. He has designed trucks, military vehicles, armored vehicles, electric vehicles, boats, and much more.

Model	Caliber	Velocity	Glass
PSV L4®	.30 cal SP	2794	32 mm Poly Carbonate
	7.62 X S1 NATO	2700	
	5.56 (.233) FMJ	2920	
	7.62 X 39 FMJ	2550	
	30.06 SP	2410	

Performance

There is excitement in driving the Tjaarda PSV. Finally, an armored vehicle that affords protection is immediately responsive in all environments and is fun to drive. The powerful General Motors V8 engine provides plenty of performance and the engineering of the chassis allows extreme maneuvers in the most demanding situations on and off the road. Highlights include:

- 6.2 Liter V8 SFI Engine
- 400 Horsepower – speed limited to 155 MPH
- 6 speed automatic transmission
- 4 wheel drive with automatic locking rear differential
- StabiliTrac® stability control with traction control
- Capable of operating safely in extreme on and off road conditions

Safety

The PSV L4® body panels of the Tjaarda PSV have been designed and engineered with state of the art materials to withstand the internationally agreed standards of armament for ballistic defense. Many of the armoring techniques are Proprietary, Classified Company Trade Secret and/or Patent Pending.

- PSV L4® Level Armored Glass, with UV protection
- PSV L4® Level Composite and Steel Panel Armament
- Rear View Camera
- StabiliTrac®, Stability Control System
- Dual Storage Frontal Airbags
- Power Locks
- Theft Deterrent System
- Remote Entry System
- Rodgard Run-Flat Inserts
- OnStar® Experience
- ABS

Comfort

The Tjaarda PSV is designed for both protection and comfort. Full grain leather and polished burl walnut wood appointments keep the civilian civilized while enjoying the opulent interior of the PSV. The Ballistic Armament Package capable of defeating repeated rounds from an AK-47 machine gun keep the occupants protected from the outside world.

- Hand-Stitched, Full Leather Interior appointments
- 12-Way Power Heated, 2 Position Memory Front Seats
- Hand-Stitched, Full Leather, Reclining, Heated, 2nd Row Captain's Chairs
- Hand selected Inlaid wood grain trim and Leather Instrument Panel and Console
- DVD-Based Navigation
- Rear Seat Entertainment System
- Power Windows
- Air Conditioning
- Navigation System - touch screen
- Bluetooth®
- Rear view camera
