Community is proud to be the loudspeaker system of choice for high school and college football stadiums coast to coast. Our weather resistant WET and R-Series loudspeakers are used in sports venues, both small and large, worldwide for their outstanding performance and durability. Backed by an industry best 15-year warranty on the structural integrity of its enclosure, each WET and R-Series loudspeaker is engineered to perform in the harshest environmental conditions. Enjoy entertainment quality sound with Community loudspeakers. Your Friday night football game will never be the same.
