## THE PRAM INSURANCE SERVICES COMPANY

PRAM was originally founded in 1949 as an Underwriter and a Registered Administrator with corporate headquarters located in the City of Boca in Orange County, California, with offices in Chicago and throughout the US.

Our experience runs the gamut from Main Street to Wall Street. PRAM brings over 100 years of experience in underwriting and managing employee benefits for not only Independent Companies, but also Associations, Franchises and Trusts.

PRAM specializes in providing Insured Pharmacy Plan Management, as well as Pharmacy Consulting,

Underwriting and Employment Benefit Services on behalf of local, regional and national employer groups seeking to carve out their prescription drug benefits.

Our trained Pharmacy staff brings nearly 60 years of pharmacy experience in managing and controlling rising pharmacy cost. We are doing business in all states representing many of the nation's leading corporations.

We believe our experience in all aspects of risk management consulting, including the understanding of pharmacy risk with the support of Staff Pharmacists will add value in providing strategic planning in a growing complex industry.

### PHARMACY UNDERWRITER

PRAM is a recognized leader in underwriting pharmacy risk on behalf of many of the nation's leading insurance companies and reinsurance carriers and is the one of the nation's leading Pharmacy Consultants and Risk Managers providing financial guarantees programs for prescription benefits, both Self-Insured and Insured pharmacy carve-out arrangements, on a national basis.

Our experienced pharmacy staff understands the risk associated with pharmacy exposure and maintains current dated sophisticated Predictive Modeling Tools to analyze the risk and minimize and/or eliminate potential pharmacy claims exposure and loss.

PRAM works closely with the Insurance

Company to develop customized plan designs to meet the needs of our clients.

PRAM's underwriting experience and knowledge of the evolving healthcare marketplace lends credibility when we develop recommendations on pricing, administration and underwriting.

Our primary service to you, as a leading Benefit Consultant, would be a system placement opportunity for those clients requesting or requiring an aggressive but fully insured pharmacy program. As an underwriter with full binding authority, we can set coverage with appropriate PEPM (per employee per month) or PMPM (per member per month) rates that are guaranteed for the next 12 months.

PRAM is uniquely qualified to help you

control pharmacy benefit costs. When we partner with you we will:

- Review your current primary benefits management rates and fees
- Review your drug benefits and develop best management strategies
- Explore alternative funding structures to fit your needs and risk tolerance goals. In addition to standard fully insured coverage, we can structure a Hybrid, Premium Reversion, Profit Sharing or Self-Funded with Stop-Loss coverage program.
- Be available for consultation and audit throughout the plan year
- Implement and implement creative and proven cost containment techniques
