

Personal Design Manifesto`

Patrica Pruitt

I value the natural aesthetics and choice of medium in art. I enjoy pencil/pen illustration and watercolor and pastels. I like to build models and have technical drawing (cad) rendering abilities. I come from a fine art background combined with graphic arts and photography. I also studied music for 5 years in the academic band and was an accomplished 1st Trumpet player. I can read and write music notes. I aspire to be a great Graphic designer and hopefully be creative in all mediums. I like to think of my place in the creative world as being that of an accomplished artist in all mediums. I feel that my achievements reflect that of the Bauhaus School. I believe that to be true because I aspire to be a master craftsman in everything that I do.

- 1st Trumpet Player – Concert and Marching Band
- Graphic Artist – Journeyman Press Operator; Lead Prepress Operator
- Mechanical Drawing – Drafting; AutoCAD; 3D Modeling; Architectural studies and renderings
- Photography – Still Shots; B/W; setting Apertures; Comps for Advertising
- Graphic Design – Advertising Design; Publication Design; Large Format; Production Artist
