## The 2010 Lexus ES 350: Uniquely Designed

Make every moment of time well spent in the new 2010 Lexus ES. While the ES features one of the smoothest engines available, it also employs 88 measures to absorb, dampen and even cancel vibrations - before they ever reach the cabin of the vehicle. Liquid-filled engine mounts were used rather than conventional rubber mounts to help contain engine vibrations. When the vehicle is idling, an active-control engine mount actually detects the frequency of vibrations and emits a counter-frequency, which effectively cancels them out.

The 2010 ES seats feature soft and luxurious leather or are available with semi-aniline leather trim. The interior is designed with highly polished brown walnut or espresso bird's-eye maple wood-trim accents on the doors, glove box and center console. These accents are also featured on the available wood- and leather-trimmed steering wheel and shift knob. New chrome-finished touches are featured throughout the cabin.

The available next-generation voice-activated HDD Navigation System<sup>1</sup> with new Lexus Enform™ services uses a hard disk drive (HDD) to store maps and data, which allows it to operate faster than previous DVD-based models. It can recognize over 100 voice commands; provides a sharper, more colorful display; and can map over eight million points of interest. The available 14-speaker, 300-watt Mark Levinson® Premium Surround Sound Audio System<sup>2</sup> is powered by a 10-channel amplifier and features a six-disc, in-dash DVD/CD auto-changer.

With a six-speed automatic Electronically Controlled Transmission with intelligence (ECT-i), the all-aluminum 24-valve V6 engine delivers exceptional performance at any speed, and a remarkable 272 horsepower.<sup>3</sup> Two exhaust pipes offer greater surface area from which to expedite engine gases, allowing them to escape more easily, generating peak horsepower, increasing performance. Seamless chrome tips also maximize style.

The new 2010 Lexus ES. See Lexus of Cerritos to learn more.
