

South Side Day Nursery 2011 Annual Meeting

May 25, 2011
12:00 pm - 1:30 pm
Belas Artes

Did you know
South Side Day
Nursery is 125 years
old?

Without your support over
the years we would not
have been able to reach
this milestone!

Your generous help has:

- Provided high- quality, affordable early childhood education
- Created a caring and supportive environment for children and families
- Inspired children to be curious learners and ready for kindergarten
- Enabled parents to work or advance their education

Our mission is to nurture, educate and inspire children and families with limited resources, fostering healthy development and a strong foundation for success.

Please be our guest for lunch and for our Annual Meeting.
