Some of you may know about our service to SouthSide Early Childhood Center (formerly SSDN) as Board members, and we are at an exciting time in SouthSide's 126 year history...hard at work to build a new center, only the third one in our history. We hope some good company will entice you to learn more about the wonderful families we serve and help you decide if you might consider supporting our campaign in the future.

Hope to see you on the 17th!
