Trusted by locals and revered by travelers, the Sherborn Inn combines New England tradition with award-winning cuisine and service. Whether it is a laidback drink and dinner nestled under the exposed wood beams of our Tavern or an elegant meal to celebrate a special occasion in our dining rooms, the 200 year-old historic Sherborn Inn is your next dinner destination.

"The food was wonderful, from the course, crusty bread served with herb-infused olive oil right through the last bite of dessert. And the presentations were nothing short of artistic."
