Summary of Qualifications

Three years successful skills experience in Fashion Design, creating collections from inception to completion involving a personal collection showcased in local runway events. In addition to having strong product development skills, understanding of trends; and able to translate them into products, I am a self motivated, creative designer who works well in a team oriented environment.

Education

Fashion Design

The Art Institute of California – San Diego; Bachelor of Fine Arts, Fashion Design, September 2009
Award; Student of the Quarter, Spring 2008; President's List
