Project: Memorial Gardens
Location: Saint Joseph Cemetery
Saint Joseph, Missouri
Date: June 2007
Firm: CPRA Studio

A large tract of land behind an existing funeral home is slated for cemetery development (entire area shown lower left). The site is proposed to be a series of terraced gardens which include burial sections, mausoleums, and cremation memorials. The upper part of the site has been taken further through design development as shown in CAD linework and refined illustrations.
