

A day in a woman life

Abana wakes up 5 a.m

Traveling 5.30 – 8.30 a.m
travelling with other women

They will be walking for
3h to get to the nearest
water source.

This water is going to be used for:

cooking

cleaning

drinking

Coming back home the water
that they brought is dirty and
contaminated.

They fill up the water
containers and head back home

40 pounds
when full
