Laptop and PC Magazine Editors' Choice awards.

Laptop Magazine gave us their highest award in 2007, writing "Our technician was very polite and helpful and the most knowledgeable by far." In 2008, PC Magazine followed suit with its highest award, writing that "All the service's technicians were good, and one in particular was the most qualified I've encountered in all my testing of remote PC help companies."

When your computer quits, your life short-circuits.

If you're like most people, you've got your whole life on your home computer. Checkbook registers, other crucial financial documents, family photos, music collections, email archives, internet downloads—and a whole lot more. A single malfunction and it can all be gone in a flash. Fortunately, now you can make a great choice: PlumChoice.

Our secure online services solve your problem 24/7.

Certified US-based PlumChoice technicians take temporary online control of your troubled computer while you watch

Meet the industry's highest-rated techs. Ours.

PlumChoice can help you avoid catastrophe and ensure your computer is up and running all the time. We have the highest-rated techs and the best service plans in the industry. That's a fact. Another fact: our customers consistently give us a 96% or better satisfaction rating. How do we know? We poll each and every one of them. We also know that when there's a problem to be solved, 90% of our customers get it solved the first time, usually in under an hour.

"Your tech Julian was OUTSTANDING. If I should ever need to have my computer looked at again, your service will be the one I use. Five stars. Infinite kudos."
