

The best way to handle an MSA is not to.

Compliance with the Secondary Payer Statute is a necessary but onerous task. Why not hand it off to a strategic partner who can deliver the highest quality, lowest MSA possible in 14 days or less: Crowe Paradis. We take an advocate's approach that combines legal and medical expertise to minimize allocation costs by tens of thousands of dollars—sometimes by as much as \$100,000 per claim file—and move you that much closer to settlement.
