

You pushed yourself  
intellectually long before  
becoming a physician.

The NEW ENGLAND  
JOURNAL of MEDICINE

860 Winter Street • Waltham, MA 02451 • USA

The NEW ENGLAND  
JOURNAL of MEDICINE

# KEEP UP THE GOOD WORK.

Keeping up your good work means keeping up with the latest and most important medical research and review articles.

It means reading the *New England Journal of Medicine*.

Conveniently delivered to your home or office every week, the peer-reviewed NEJM helps you stay informed about breakthroughs in medical science and clinical practice, hone your clinical judgment, and develop the diagnostic skills you need to excel.

And isn't that what it's all about: excelling at what you do?

## Push yourself to the next level of clinical practice.

The *New England Journal of Medicine* is for physicians who want to be the very best they can be.

NEJM is more than a research publication; much of its content focuses on clinical practice. You'll find a greater depth of case-based material than you might expect, including archived case records, our Clinical Problem-Solving series, and in-depth Review Articles.

In short, reading the *Journal* is the best way to stay on top of the latest developments in medicine.

## Your subscription to NEJM includes full access to NEJM.org.

You may also be surprised by the breadth and depth of resources you'll find at our Web site, including:

**Videos in Clinical Medicine:** A valuable teaching tool, videos are peer-reviewed and provide a concise review of common medical procedures

**PowerPoint™ slides:** Downloads of images and slide sets

**Audio (MP3) full-text reads** of popular Clinical Practice articles: Save time by listening to articles while commuting or exercising

**Free online CME exams:** Earn up to 20 free online CME credits; three new exams available each week

## Order risk-free and save.

Take advantage of the Professional Rate by returning the voucher. If you're not completely satisfied, you may cancel your subscription at any time and receive a refund for all unmailed issues.

The *New England Journal of Medicine*. For the good work you do.
