

We've got
the industry's
top-rated
home computer
repair techs.

But don't wait for a crisis to meet one.

**When your computer quits,
your life short-circuits.**

You've got your whole life on your home computer. Checkbook registers, other crucial financial documents, family photos, music collections, email archives, internet downloads and more. One malfunction and it can all be gone in a flash.

**Meet the industry's
top-rated techs. Ours.**

PlumChoice can help you avoid catastrophe and ensure your computer is up and running all the time. Our customers consistently give us a 96% or better satisfaction rating. And when there's a problem to be solved, 90% of our customers get it solved the first time, usually in under an hour.

Get help with your
computer and just
about anything
that connects to it.

**Our secure online services
solve your problem 24/7.**

Our certified US-based technicians take temporary online control of your troubled computer—24/7—eliminating the delays associated with repair shop visits or do-it-yourself fixes. We can remotely maintain, support, and repair your personal computers and laptops, networks, mobile devices and more, even if you're traveling. Or we can help you in person if that's what it takes.

**Laptop and PC Magazine
Editors' Choice awards.**

Laptop Magazine gave us their highest award in 2007, writing "Our technician was very polite and helpful and the most knowledgeable by far." *PC Magazine* followed suit with its highest award, writing "All the service's technicians were good, and one in particular was the most

qualified I've encountered in all my testing of remote PC help companies."

"Your tech
Julian was
OUTSTANDING.
Five stars.
Infinite kudos."

**Get a free month of service
with a subscription.**

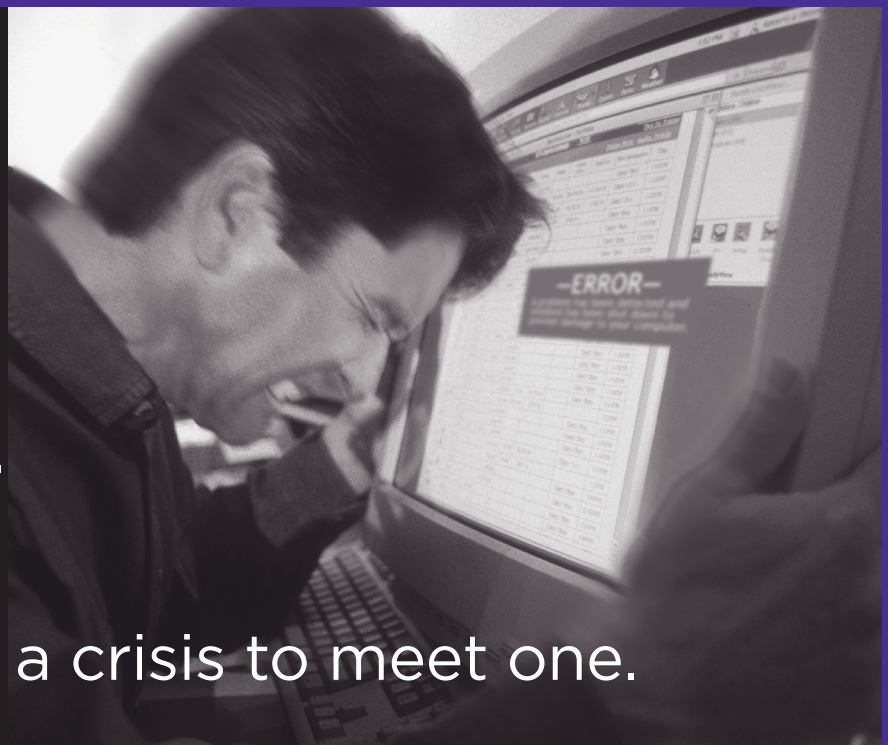

For a small monthly charge, you can get crucial PC tune-ups and backup, satisfaction guaranteed, plus a complete software security suite.

And, for a limited time, we'll give you a **free month of service** with a new one-year subscription. Of course, you can also use our services by the project or the minute.

**Don't wait for a crisis.
